Articulate and customer-focused professional with strong command of spoken and written English, confident public-speaking ability, and one year of hands-on experience in a fast-paced software engineering role that sharpened my communication, active-listening, and problem-solving skills. Proven track record of representing organizations at public events and leading teams to deliver successful outcomes. Seeking to bring my communication strengths, composure under pressure, and customer-service mindset to a BPO / Call Center role.

WORK EXPERIENCE

Aitch Tech · 07/2025 – 07-2026

Software Engineer

Over 1 year collaborating directly with clients and team members to gather requirements, provide status updates, and resolve issues – building strong verbal and written communication skills.

Explained technical concepts to non-technical stakeholders in a clear, patient manner, translating directly to customer-facing communication.

Managed multiple tasks and deadlines simultaneously in a fast-paced environment while maintaining accuracy and professionalism.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Active Member – University Club

The Islamia University of Bahawalpur

Organized and coordinated **BLCF** and several other university-level events, managing logistics, teams, and public communication end-to-end.

Served as **host** for a book opening ceremony, engaging a live audience and confidently representing the university on stage.

Developed strong public speaking, audience engagement, and on-the-spot problem-solving skills through repeated event hosting and coordination.

ACHIEVEMENTS

Received **2 Certificates of Appreciation** and a **Shield of Appreciation** for outstanding contribution to university event organization and hosting.

Winner – Essay Writing Competition, College Level – recognized for strong written English and articulation skills.
